Autumn Term Clubs				
Key Stage	Day	Club	Led by	Description for parents
Lower Prep - Reception	Mon	Art Club	Mrs Stratford	An opportunity to have fun and be creative spiders. Each week, we will explore creating artwork with a variety of different mediums and resources
	Wed	Sports Activities	Mrs Mackenzie	Exploring the skills required for sports! Developing coordination and agility through a series of fun games
	Thur	STEM	Mrs Mossop	You're never too young to develop a life-long passion for all things Science, Technology, Engineering and Mathematics! A range of fun, engaging and thought-provoking challenges and experiments
Lower Prep - Year 1 & 2	Mon	Art Club	Ms Davies	An opportunity to have fun and be creative spiders. Each week, we will explore creating artwork with a variety of different mediums and resources
	Mon	Sports Club	Mrs Mackenzie	Exploring the skills required for sports! Developing coordination and agility through a series of fun games
	Tue	Football (mixed)	Mr Sheridan	Developing teamwork, coordination and football matchplay skills through games and mini matches
	Tue	Craft Club	Mrs Mackenzie	Being creative spiders and learning how to make crafts - a great skill to build coordination and dexterity, while making something imaginative
	Wed	Basketball	Lions Basketball	Developing teamwork, coordination and basketball matchplay skills through games and mini matches
	Wed	Yoga	Mrs Allsop	Continuing to develop the skills learnt in their yoga lessons through a series of movements, breathing exercises and relaxation techniques

Weston Green School

	Thur	Origami	Miss Burns	Learning the art of paper folding to create different objects. The children will learn some of the different folds and towards the end of term can use these skills to create their own objects.
	Thur	Computing	Mrs Colliver	Using a range of software and hardware to explore the world of coding and programming, building games, fostering creativity and seeing real-world applications
	Fri	Whizz Kids	Mrs Colliver	Build custom mazes, solve puzzles, and take control of the wheel to drive. Learn coding concepts and kick programming into high gear with even more options to spark interest in computer science.
Year 3 & Upper Prep	Mon	Lego Club	Mr Beal	Growing a life-long passion for all things Science, Technology, Engineering and Mathematics! A focus on problem solving through engineering, using a range of construction materials and resources.
	Mon	Girl's Football	Mr Sheridan	Developing teamwork, coordination and football matchplay skills through games and mini matches
	Tue	Boys Football	Mr Sheridan	Developing teamwork, coordination and football matchplay skills through games and mini matches
	Tue	Creative - Craft & Sewing	Mrs Mackenzie	Being creative spiders and learning how to make crafts and sew - a great skill to build coordination and dexterity, while making something imaginative
	Tue	Orchestra	Mrs Carrel	Invitation only. Parents can email Mrs Carrel at ccarrel@westongreenschool.org.uk to request an invitation/audition if they think their child might fit the criteria - at least 1 term of lessons on a hand held instrument plus knowledge of basic notation
	Wed	Basketball	Lions Basketball	Developing teamwork, coordination and basketball matchplay skills through games and mini matches
	Wed	Yoga	Mrs Allsop	Continuing to develop the skills learnt previously in their yoga lessons through a series of

Weston Green School

				movements, breathing exercises and relaxation techniques
	Thur	Netball (Mixed)	Dr Summers	Developing teamwork, coordination and netball matchplay skills through games and mini matches
	Thur	French	Mdme. Petrakaki	A French language club providing a fun and interactive opportunity to practise language skills - grammar, spelling and vocabulary - through games.
